

Product	Specification
HLD-100 HALOGEN LEAK DETECTOR WITH REPLEACABLE SENSOR	<p>Main features:</p> <ul style="list-style-type: none"> - Detects all kinds of halogenated refrigerants - Single color LED display with 6-level leak alarm - Tricolor display of battery voltage - RESET time sensitivity adjustment - Real time sensitivity adjustment - Adopts quality sensors that can detect slightly leaked halogen gases - 14 inches (35.5cm) flexible stainless steel probe <p>Traditional coronal sensor with upgraded low-energy CPU, more stable and fast triggers on R11, R22, R134A, R404a, R410A and all halogenated refrigerants including HFCs, CFCs, HCFCs and blends.</p> <p>7 Adjustable Sensitivity with max. Sensitivity of 0.11oz/yr.</p> <p>Audible and visual gas leakage indicators and dual battery indicator.</p> <p>Meets EN14624 and SAE-1627 Standards.</p> <p>Technical Parameter:</p> <p>Max Sensitivity: to halogenated refrigerants, 3gr/yr</p> <p>Working Temperature: 0C--50C</p> <p>Working Mode: Continuous and no limit</p> <p>Reaction Time: instant</p> <p>Response Time: 3 seconds</p> <p>Warm-up Time: about 6 seconds</p> <p>Probe Length: 35.5cm</p> <p>Brand: Elitech</p> <p>Item Weight: 1.55 pounds</p> <p>Product Dimensions: 0.9 x 0.2 x 0.2 inches</p> <p>Item model number: HLD-100+</p> <p>Batteries: 2 C batteries required</p> <p>Applications:</p> <p>HLD-100+ halogen leak detector can also be used in:</p> <ul style="list-style-type: none"> - Other systems and storage/recovery containers the unit responds to all halogenated (With Chlorine and Fluorine included) refrigerants. This includes, but is not limited to: CFCs R12, R11, R500, R503 etc. HCFCs R22, R123, R124, R502etc. HFCs R34a, R404a, R125etc - Detect Ethylene Oxide gas leaks in hospital sterilizing equipment (it will detect the halogenated carrier gas); - Detect SF-6 in high voltage circuit breakers; gases in fire-extinguishing system. - Detect most gases that contain Chlorine, Fluorine, and Bromine (halogen gases); - Detect cleaning agents used in dry cleaning applications such as per chloroethylene
